

Grade A Electrical Ltd has recently launched a Give Back Scheme offered to all schools and childcare centers throughout the wider Auckland Region.

How the Give Back Scheme works?

Every heat pump serviced by Grade A Electrical Ltd where the referral lead was secured through the means of the school, whether it be a family member, friend, parent, staff member there are no limitations as long as the condition of the school referral system has been met, Grade A Electrical Ltd will donate \$10.00 to our school when you mention Rosehill School.

This is a newly established program that has benefited many of the schools since implementation. Some of the successful strategies include featuring the current promotion in the school newsletter and on their social media sites. The latest success story comes from an Auckland based school that received 62 referrals from both parents, and staff within one week since running. The school claimed \$620.00 in return as a result.

Our current promotion for a Full Heat Pump Service is \$99.00 (GST Inclusive)

The benefits of having your heat pumps cleaned and services:

Longer Life Cycle - reduces the changes of a breakdown

Enhancing Efficiency and reducing power costs

Health benefits – filters keep doing their job of removing bacteria and odors

Improves comfort

Does the unit require a service if the filters have been cleaned?

It is important to know that cleaning and servicing are quite different. Filter cleaning is basic routine maintenance. However, servicing also tends to the mechanical operation as well as deep cleaning of the core of both the indoor and outdoor units.

Performance Checklist comprises of:

- Check operating temperature
- Remove fine dust from behind the filter screen
- Remove oils and stain build up from inside radiator
- Sanitize inside radiator
- Internal drain is flushed
- Fan blades cleaned
- Reassemble, test and check noise levels
- Clean condensers
- Check for any refrigerant leaks
- Clean intake screens
- Apply cleaning solutions to fins and coil
- Clean and check fan blades

Auckland Whanau Special Needs Support Group Inc.

Auckland Whanau Special Needs Support Group Inc is an incorporated Society. We have an awesome committee, which consists of parents who understand and want what is best for our kids and whanau. The knowledge and support parents and caregivers get from walking the walk and talking the same talk as others, is something we promote and encourage.

We have now opened up our group Auckland wide, as it is now clear that there is a huge demand. Previous morning teas and support groups in Auckland have come and gone, so where does that leave our families? We welcome you with open arms! Come join us, walk with us, we will support & be there for you. We provide a place where our children and whanau can come together without being judged and just be in great company with like minded people.

OUR MISSION

To provide a fully inclusive support network for whanau or carers who are or have raised a child or is a person with special needs.

OUR VISION

Support for all Auckland whanau with disabilities - Full inclusion

OUR VALUES

Inclusive, Supportive, Integrity, and Community.

Auckland Art Gallery

Rosehill Intermediate Room 19 and Greenmeadows Intermediate Room 16 visited the Auckland Art Gallery on Wednesday to view the Contemporary Maori Art Exhibition. It was a first time experience for the majority of our students and staff. We saw different examples of moving image, photography, painting and sculpture to name a few. Our students really enjoyed the ground floor which was blacked out. It featured neon light sculptures and interactive illusions which all related to the Maori story of creation. A highlight for most of our students was the moving image projection of Ranginui and Papatuanuku which was projected onto a double story high screen."

From the Principal - tena kotou katoa

Poipoia te kakano kia puawai

Nurture the seed and it will blossom

We are working hard to develop our "Positive Behaviour for Learning processes.

We see behaviour as a form of communication. We try to figure out "why" our student is behaving this way so they can learn new ways of acting or so we can change the things that are making them behave this way. We train staff to respond to students positively to

reduce behaviours. When needed, we work with the class team and therapists to come up with personalised plans.

Talk to your child's Syndicate Leader if you would like advice.

Our thoughts are with the family of our student Fiafia, who sadly passed away recently. Fiafia was a snappy dresser with a fantastic collection of Nike shoes! He is missed.

Gill Hedley, Principal - Tumuaki

Welcome

Welcome to our new students Moses, Kayne and Airis. It is great to see you all adjusting and settling into your new class routines.

We also welcome new staff, **Teacher:** Anne Chisholm - Kereru Park satellite, Drissania Naidoo - Redhill satellite.

Therapy Team: Dheshini Naidoo- Occupational Therapist

Education Assistants: Emily, Sheenal, Tui, Shelwin and Diane.

Sharing our learning...

Students in our Manurewa East D2 satellite have been taking part in food therapy sessions.

The children made a 'Dinosaur' using a variety of healthy foods. As they were taking part in this activity, they were developing fine motor skills, concentration, language skills and imagination. The children were also given the opportunity to touch, smell and taste the foods used. After this exciting experience, the children wrote a story about their dinosaur.

Ka pai D2 students.

Te Ara Poutama

This year our Te Ara Poutama students are involved in Enterprise projects. Working collaboratively together, students design and create a product to sell or provide a service to the community. These opportunities will equip them to be innovative, creative, to initiate, and successfully manage personal, community, business, and work opportunities including working for themselves. One group at Te Ara Poutama Takanini are developing a candle making business. Not only are they making candles, but they keep record of the costs and expenses, income from sales, and stock left to sell. Candles range from \$5 to \$15 and funds go towards an overnight camp. If you would like to support our Enterprise programme, please email office@rosehill.school.nz or pop into Te Ara Poutama Takanini.

Ka Ora, Ka Ako Healthy School Lunches Programme

We are in the early stages of preparing for all students to be part of the Healthy School Lunches Programme. Some of our satellites already participate.

We are aware of the challenges ahead to ensure we cater to our students varied dietary needs. We will be asking for information from whanau so we can cater to everyone's needs.

Rimu Syndicate

Students from Base Room 3 prepare something healthy every day as part of their cooking and healthy eating program. This includes smoothies, toasted sandwiches, and muffins. Here, Kaitlyn is making smoothies adding fruit to the weebix and milk supplied by the Kickstart Breakfast programme. Kaitlyn is learning to follow verbal instructions, wait her turn and be safe around electrical appliances. Students have learned that having these meals will keep them healthy and energised for longer.

Introducing...

Dheshini Naidoo.

My name is Dheshini and I recently joined the Rosehill School Occupational Therapy team. I am originally from Durban, South Africa and have been living and calling beautiful Aotearoa my home for the past 23 years. I've been practicing as an Occupational Therapist for 18 years and this has been predominantly in the South Auckland Region. I am very excited to be working with the lovely staff, students and families of Rosehill School.

Te Ara Poutama Transition Evening

Te Ara Poutama held the first of two Transition Evenings for the year at our Takanini location.

It was well attended by staff, whānau and exhibitors, who were able to answer the many questions whānau had, while providing information and advice.

We look forward to our next Transition Evening in Term 3, and hope to increase our exhibits and promote the educational opportunities provided at Te Ara Poutama through student displays and enterprise stalls.

Thank you to all staff at Te Ara Poutama for a successful evening, we make a great team!

Puriri Syndicate

Manurewa South 2 satellite made boats with polystyrene, balloons and straws.

They really had to master the skill of blowing up the balloon through a straw because, the bigger the balloon, the faster and further our boats travelled. We had a few races, but it was tricky to steer the boats! This led us to problem solve and modify our boats a little. We were quite impressed with how speedy our little polystyrene boats ended up being.
